EDUCATION

The University of Texas at Austin

May 2029

Bachelor of Science, Computer Science

Relevant coursework: Data Structures, Discrete Math for Computer Science

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, TypeScript, C#, C++, R, SQL, HTML, CSS

Tools & Technologies: AWS, Cloud Computing, Linux, Node.js, MERN Stack, React, Tailwind, Unity, GitHub, Data Analysis

Certifications: Unity Certified Programmer (2024), AWS Certified Cloud Practitioner (2025)

EXPERIENCE

Texas Convergent – Digital Arts and Media Tech Member, Austin, TX

September 2025 – Present

- Engineering full-stack applications in an agile startup incubator, collaborating with product and design teams
- Developing an AI-based currency analyzer with multilingual and budgeting tools for 1,000+ global users

Stellar Learning – Front-End Developer, Remote

June 2025 – August 2025

- Built and optimized scalable front-end features for an AI-powered educational platform used by **8,000+ users**
- Redesigned UI with light mode, improved routing, and enhanced note-taking and flashcard tools across **8+ pages**
- Boosted responsiveness through improved state management using Svelte, HTML, JavaScript, and Tailwind CSS

Texas Product Engineering Organization – Engineering Fellow, Austin, TX

September 2025 – Present

- Selected as **1 of 10** (out of 170+) fellows to develop software solutions with impact across Austin
- Completing an intensive 10-week full-stack curriculum covering Git, JavaScript, React, Node.js, system design

Robotics Team SLHS (FRC 4639) – Programming Member, Houston, TX

August 2022 – May 2025

- Engineered autonomous and control systems across **3+** seasons, qualifying for FIRST Robotics Worlds Champ
- Led 20+ members in award documentation and presentations as Awards Director for the Chairman's Award

AFS Global STEM Academies – Scholar, Brazil & Virtual

March 2024 – June 2024

- Led a team to design a 1st-place flood mitigation solution for BP, including a predictive model and web interface
- Selected as a **top 2.5%** scholar (150 of 6,000) for a 12-week virtual program and a 4-week exchange in Brazil

PROJECTS

AllClear – Emergency Response App | React, Node.js, MongoDB, OpenWeatherMap API, Leaflet.js

July 2025

- Won **1st Place** among 95+ participants in a 36-hour full-stack Open Summer 2025 hackathon in a 2-person team
- Developed a scalable full-stack emergency response web app integrating 5+ real-time disaster/weather APIs
- Implemented secure JWT-based authentication, multi-layer disaster mapping, and interactive radar overlays

CyberGuard Analytics – Data Analysis | R, ggplot2, dplyr, lattice, stats

September 2023 – February 2024

- Analyzed **1,000+** global cybersecurity breaches with R (ggplot2, dplyr), applying ANOVA and regression modeling
- **Placed 1st** at TSA Gulf Coast Regionals in Data Science & Analytics as part of a 2-person team out of 50+ teams

Fake News Detection – Machine Learning Model | Python, NLP, Logistic Regression

August 2024

- Built a logistic regression classifier analyzing **500+** websites, leveraging URL structure, HTML tags, and domains
- Engineered real vs. fake signals using Bag of Words and 300-D GloVe embeddings, boosting accuracy by **35%+**

LEADERSHIP & ORGANIZATION INVOLVEMENT

Seven Lakes HS Orchestra – President

September 2021 – May 2025

- Directed a 21-member officer team to lead a 280-member orchestra program, ensuring efficient communication
- Coordinated 7+ annual events with a \$2500 budget, including a banquet with 300+ attendees, concerts, events

AIIRLithm Contest Organizer

October 2023 – February 2025

- Designed 10+ programming challenges for a national competition, engaging 300+ high school girls in tech
- Built and scaled a social media presence across 5+ national communities, driving engagement and visibility

HONORS & AWARDS

Coca-Cola (Katy ISD) Scholarship Recipient; TMEA All-State Violinist (Top 100 in Texas); Presidential Bronze Volunteer Service Award (105+ hours); Recipient of the University of Pennsylvania Global Citizenship for Social Impact Certificate
