EDUCATION

The University of Texas at Austin, Austin, TX
Bachelor of Science, Computer Science

Expected May 2029

TECHNICAL SKILLS

Languages & Frameworks: Java, JavaScript, Python, C#, R, HTML/CSS, React, Svelte, Tailwind CSS, Node.js

Tools & Technologies: AWS, Unity, MERN Stack, MongoDB, Cloud Computing, Data Analysis

Certifications: Unity Certified Programmer (2024), AWS Certified Cloud Practitioner (2025)

EXPERIENCE

Front-End Developer – Stellar Learning, Remote June - August 2025

- Built and optimized scalable front-end features for an AI-powered educational platform used by 8,000+ users.
- Redesigned UI with light mode, improved routing, and enhanced note-taking and flashcard tools across 8+ pages.
- Boosted responsiveness by debugging and refining Svelte, HTML, JavaScript, and Tailwind CSS components.

AFS Global STEM Academies Scholar, Brazil & Virtual March - June 2024

- Led a team to design a 1st-place flood mitigation solution for BP, including a predictive model and web interface.
- Received the University of Pennsylvania Global Citizenship for Social Impact Certificate (51-hour curriculum).
- Selected as a top 2.5% scholar (150 of 6,000) for a 12-week virtual program and a 4-week exchange in Brazil.

Lead Instructor – Code Ninjas, Katy, TX July - August 2025

- Taught 30+ students (ages 6–7) programming and engineering fundamentals.
- Designed engaging lessons using LEGO Robotics, Roblox Studio, Minecraft Redstone, and visual coding tools.

PROJECTS

AllClear – Emergency Response App | *React, Node.js, MongoDB, OpenWeatherMap API, Leaflet.js* | July 2025

- Won 1st Place in the Open Summer Hackathon (Full Stack) among 95 participants in a 2-person team.
- Developed a full-stack web app with real-time disaster awareness and location sharing with integrated weather and multi-hazard data layers in under 36 hours.

Sparrow – Web-Based Learning App | *HTML/CSS, JavaScript, Adobe Express, MongoDB* | September 2022 - April 2023

- Developed a dynamic code learning platform with animated UI, lesson management, and user progress tracking.
- Placed 3rd at TSA Texas State (Software Development) in a 5-member team.

CyberGuard Analytics – Data Analysis | *Python, R, Pandas, Matplotlib* | September 2023 - February 2024

- Analyzed national cybersecurity datasets with clustering and statistical methods to identify attack patterns.
- Placed 1st at TSA Gulf Coast Regionals (Data Science & Analytics), in a 2-person team.

LEADERSHIP & COMMUNITY INVOLVEMENT

AIGIRLithm Contest Organizer October 2023 - February 2025

- Designed 10+ programming challenges for a national competition, engaging 300+ high school girls.
- Established social media presence and managed graphics across 5+ online communities, expanding outreach and participation nationwide.

NASSP LEAD Spark Conference International Presenter February 2024

- Delivered a 45-minute workshop to 50+ student leaders at the National Association of Secondary School Principals' international conference.
- Advocated for user-centered tech by teaching intuitive interface design and effective marketing strategies.

Seven Lakes HS Orchestra Leadership Team September 2021 - May 2025

President | Communications Head | Historian | Freshman Representative

- Directed a 21-member officer team to lead a 280-member orchestra program, ensuring efficient communication.
- Coordinated 7+ annual events, including a banquet with 300+ attendees, concerts, and socials.

HONORS & AWARDS

Coca-Cola (Katy ISD) Scholarship Recipient; TMEA All-State Violinist (Top 100 in Texas); Presidential Bronze Volunteer Service Award (105+ hours); Certificate of Honor in Leadership 2024 - Seven Lakes High School
